

## Contemporary art

➤ Graphics, generally known as prints, is a highly under-rated and under-valued medium of visual expression in the discipline of art in this part of the world. To evoke curiosity in its processes and draw interest towards its sensibilities, Art and Aesthetic is committed to supporting the practice of printmaking by showcasing and promoting prints consistently. 'Creating Impressions', a group exhibition on graphics featuring contemporary artists is show on this. *Venue:* Art and Aesthetics Gallery, Lado Sarai. *Time:* 11 am to 7 pm
